All violations will be charged with the amount of EUR 10.00 per passenger segment.

- airberlin does only accept disputes if the waiver has been given in writing- irrespective of whether the refund or reissue has been made due to schedule changes or flight cancellations or as a commercial gesture. Verbal authorisations will not be accepted at all.

airberlin will only issue more than one ADM in relation to the same original ticket, if different, unrelated charges apply. This does not apply when an ADM is cancelled and raised again for the same reason but for a different value.

airberlin will only include more than one transaction on any ADM if the reason for the charge is the same, details will be provided in the ADM.

airberlin will endeavour to handle disputed ADMs in a timely manner in compliance with applicable IATA resolutions and regulations. Where an agent has disputed an ADM within the dispute period airberlin will acknowledge receipt of the agents dispute, either via a status change in BSP Link (or equivalent tool for ARC/ASD) or by a separate communication and stop the submission of the ADM to the agent's billing analysis. If airberlin rejects the dispute an explanation of the reason will be communicated to the agent.

Any dispute submitted after an ADM has been included in the BSP (ARC/ASD) settlement will not be dealt with. In circumstances where the agent has supplied insufficient information to support the dispute or the airline's decision is subject to further commercial consideration, airberlin will communicate the decision no later than 60 days from receiving the dispute.
